IBERDROLA, S.A. - TEST

Register as supplier in IBUY

Dear Prueba califica ARIBA,

Iberdrola Group, including Scottish Power, Avangrid and Neoenergia, will begin to use IBUY as its tendering tool starting 4th quarter 2019 until, eventually, it will be the only platform to participate in Iberdrola Group's tenders.

XX

What does this imply for me as a supplier? What do I have to do?

Iberdrola will start launching new tenders electronically using IBUY.

IBUY uses SAP-ARIBA's cloud based technology and is part of Ariba Network. This means that, in order to use IBUY, suppliers must previously be registered in Ariba Network.

How to create an Ariba Network account

Creating an Ariba Network account is free. You can only incur in costs if you want to obtain additional services from Ariba. More information at www.ariba.com/ariba-network.

[Click Here to create an account now](#)

You can learn more about creating an Ariba Network account here: <https://uex.ariba.com/au/node/58834> For issues related to creating an Ariba Networks account you should contact Ariba. You can do so directly from the registration page. If you call our Supplier Help Desk they'll redirect you to Ariba.

Receba um email de boas vindas

Uma vez preenchido o registro, receberá um e-mail com o assunto “Welcome to the Ariba Commerce Cloud”.

Welcome to the Ariba Commerce Cloud

Your registration process on the Ariba Commerce Cloud for Test Final Ariba - Alv is now complete.

Your organization's account ID: **AN01473398770-T**

Your username: tsupplier-281019@iberdrola.com

As the account administrator for this account, make sure to keep your username and password in a secure place. Do not share this information.

If you registered after receiving an invitation from an Ariba On Demand Sourcing buyer, you can now access and participate in the buyer's sourcing events. The Seller Collaboration Console provides a centralized location for you to manage all your Ariba On Demand Sourcing events and buyer relationships.

Ariba On Demand Sourcing buyers might request that you complete additional profile information as part of their Supplier Profile Questionnaire. When you access customer requested fields for a specific buyer, you will see a pop-up page with that buyer's name; that page contains the buyer's customer requested fields.

You can immediately perform administrative and configuration tasks such as creating users and completing your company profile. If account administration is not part of your job responsibility, you can transfer the administrator role at any time to another person in your organization whose responsibilities are more in line with account administration.

Good to Know:

Your Ariba Commerce Cloud account provides a central access point to the seller-facing capabilities of the following Ariba solutions:

- Ariba Discovery™ (Leads)

*** NOTA – certifique-se de salvar seu usuario e senha em um lugar seguro, não compartilhe essa informação**
